Targeted Development Workshops

Practical, high-impact workshops for people managers. Built on experience. Backed by a business need.

01

Managing in a Changed World – 1 Day

For experienced managers leading through AI, hybrid working, multigenerational and neurodivergent teams.

OUTCOMES

- Understand how today's four workplace pressures compound one another and where they hit your team hardest
- Adapt your existing leadership strengths into practical strategies for the way teams work now

02

Effective 1:1s – 3.5 Hours

Turn routine check-ins into the most valuable conversation in a manager's week.

OUTCOMES

- Run structured, purposeful one-to-ones that build trust, engagement and accountability
- Use coaching questions to surface issues early and drive ongoing development

03

Performance Reviews & Goal Setting – 3.5 Hours

Make reviews fair, forward-looking and genuinely motivating.

OUTCOMES

- Conduct evidence-based reviews that recognise contribution and address gaps with confidence
- Set clear, measurable goals that link individual effort to organisational priorities
